MEMORANDUM FOR

Assistant for Plans and
Development, NPIC

25X1

SUBJECT:

1. Reference our discussion prior to the R&D Board meeting on 5 May and general coverage of the subject during the Board re Logistics contracting. I have discussed the matter with the Office of Logistics. They have a valid consideration in wishing to negotiate contracts at the best possible price to the U.S. Government.

2. I have been reassured by the Procurement Division that the contract in support of the NPIC request will be negotiated in time to meet the Fiscal Year 1964 funding requirements. I urge that you not hold other contracts pending a resolution of the issue on this particular contract. I believe you will agree that each contract is a separate entity and general rules do not necessarily apply to all contracts.

3. Please keep me advised should you find that no meeting of the minds is possible. In such event, I would propose to move the issue to the DD/S and to the Executive Director as appropriate. However, at this reading I believe an open minded approach to the issues will result in the proper solution, whatever that may be.
